

## Steps from it all

Centered in the new Lake Walk Town Center, a component of a 1,000 acre master planned community, and adjacent to the Traditions Club and Easterwood Airport, The Stella is just steps away from everything. A 5-acre lake, a waterfront park and pavilion, retail stores, restaurants, health and wellness facilities, an observation tower and over 2 miles of hiking trails surround the property. Also just minutes away are Texas A&M University and Traditions Club and Community. From The Stella, you can access it all, or simply sit back, relax, and take in the views.

*From nearby or far away, at The Stella, there's a place for everyone under the sun.*
